<u>Datasheet</u>

Electronic meter counter with measuring display and U-profile-guidance.

Features at a glance

- Electronic length measuring system including electronic measuring display in modular design.
- Measurement of linear movements directly on the surface of running materials.
- Measurement is performed by a measuring wheel with a circumference of 200 mm.
- Incremental magnetic sensor or magnetic ring for rotary distance measurement (length).
- Robust design with easy replacement of the measuring wheels.
- Programmable measuring display: counting direction, change between incremental and absolute measurement, scaling factor adjustable, changeable units / resolution, conversion from cm to inch.
- Supply battery-powered or with external power supply.
- Measuring display directly attached or externally in an installation or mounting housing.
- Integrated spring for permanent pressure of the measuring wheel on the surface, guarantees slipfree measurement.
- U-profile-guidance with guiding sleeve or module for adjusting the width of the lead-through.
- Uniform support and precise guidance of the materials.

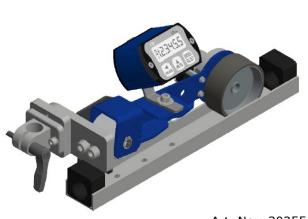

Standard variant Example

MZ/E Light Short with U-profile-guidance

Meter counter MZ/E Light Short with U-profile for flat meter material and hoses. Robust U-shaped substructure with lead-through guidance for running materials.

MZ/E-LS-B-F8P/DA-P-X-200/25/G-U40/D20-R18

- Measuring display F8P (battery-powered), direct mounting, programmable, in mounting housing
- Measuring wheel with 200 mm circumference, 25 mm width, tread PU, smooth, vulcanised, corpus aluminium
- Profile guidance: U-profile with 40 mm width, incl. lead-through guidance (guiding sleeve Ø 20 mm)
- Flange clamp connector for round tube \varnothing 18 mm

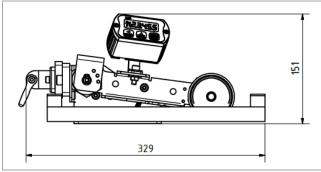

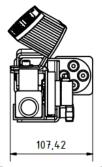

Art. No.: 30255

Meter Counter - Electronic MZ/E Light Short

<u>Datasheet</u>

Application examples

Depending on the application, we offer you the electronic meter counter in a wide variety of designs with customer-specific options.

Meter counter MZ/E Light Short with U-profile and guiding sleeve for length measurement of pressure hoses

MZ/E-LS-B-F8P/DA-P-X-200/12/G-U40/D20

- Measuring display F8P (battery-powered), direct mounting, programmable, in mounting housing
- Measuring wheel with 200 mm circumference, 25 mm width, tread PU, smooth, vulcanised, corpus aluminium
- Profile guidance: U-profile with 40 mm width, incl. lead through guidance (guiding sleeve Ø 20 mm)

Meter counter MZ/E Light Short with U-profile for length measurement of drive belts

MZ/E-LS-B-F8P/DA-P-X-200/25/R-U60

- Measuring indicator F8P (battery-powered), direct mounting, programmable, in mounting housing
- 2 x measuring wheel with 200 mm circumference, 12 mm width, tread and corpus aluminium, crisscross knurled
- Profile guidance: U-profile with 60 mm width

Variants that cannot be configured from the ordering example are available on request as a special version.

The manufacturer reserves the right to make changes to the products that it deems necessary for their improvement without prior notice.
